**Chicken Factory Site** The parish council has just received from Lochailort a number of photomontages showing a wind turbine on fields in Mackley Lane. Further pictures, together with any known details of the proposal, will be displayed in the Fleur de Lys, by kind permission of the landlords. The parish council has not yet discussed this matter.

**Village Cleaning** If you, or anyone you know, would be interested in working up to half a day a week (averaged over the year) clearing paths, banks and road edges in the village, please contact the clerk as soon as possible.

**Shop Survey** This matter was again extensively aired at the parish council meeting on 14 August, when a variety of viewpoints from the floor was heard. Councillors voted 4:3 to conduct the survey themselves. All households in Norton St Philip should receive a survey form and notes by the end of August. Please return in the envelope provided by 8 September latest.
